

ENTERING AUTO & BURGLARY PREVENTION TIPS

Please be mindful of the following:

- 1) Lock your car doors even if the car is in your driveway.
- 2) Do not leave cell phones, CDs, etc in your car (in plain view). Items of value should be placed in your car trunk whenever possible.
- 3) Lock all exterior house doors and windows.
- 4) If you have a security alarm utilize it, even while you're home and sleeping at night.
- 5) Some burglars peer into windows or doors to see if they can "smash and grab" items such as a wallet or purse.
- 6) Do not leave items of value in plain view if they can be seen from outside your home.
- 7) Please call the Decatur Police Department if you see or hear anything unusual or suspicious.
